PROJECT

JobNest | Full Stack Web Application

Python, Django, Django REST Framework, PostgreSQL, HTML5, CSS3, JavaScript

- Developed a full-stack job portal using Python, Django, and PostgreSQL with a responsive HTML5, CSS3, and JavaScript front end.
- Built RESTful APIs with Django REST Framework to manage job listings, job applications, and user accounts.
- Implemented user authentication and role-based access for job seekers and recruiters.
- Designed the PostgreSQL database schema using Django ORM models and migrations.
- Used Git and GitHub for version control and project management.

INTERNSHIPS

Web Development Intern | InternPe

2024

- Developed and debugged responsive web pages using HTML, CSS, and JavaScript, applying front-end and back-end fundamentals.
- Collaborated with a team on web projects to improve user experience.

Web Development Intern | Bharat Intern

2023

- Worked across front-end and back-end development to build, test, and deploy web applications.
